REMARKS

Claim 30 has been amended to correct a typographical error. No claims have been added or cancelled. Accordingly, claims 1-31 are pending. In the Official Action, the Examiner rejected claims 1-31 under 35 U.S.C. §103 (a) as being anticipated by U.S. Patent Application Publication No. 2005/0078195 by Van Wagner (hereinafter "Van Wagner") in view of U.S. Patent Application Publication No. 2004/0266449 by Smetters et al (hereinafter "Smetters").

Concurrently with this Response, Applicant has filed a declaration pursuant to 37 C.F.R. §1.131 (hereinafter "the Rule 131 Declaration") to antedate the effective date of Van Wagner. In the Rule 131 Declaration, Edwin A. Kauppila, the sole inventor listed on the present application, declares that the claimed invention was invented prior to the earliest filing date of Van Wagner (October 14, 2003), which date is the effective date of the subject matter relied upon by the Examiner to reject claims 1-31.

Together with the Rule 131 Declaration, Applicant has submitted Exhibit A, which includes a letter dated March 26, 2003 describing an embodiment of the claimed invention. Accordingly, the letter supports Edwin A. Kauppila's declaration that the claimed invention was made prior to October 14, 2003. This letter provides an enabling description of the subject matter now claimed in satisfaction of 35 U.S.C. §§ 101 and 112.

In view of the foregoing and the Rule 131 Declaration, and pursuant to 37 C.F.R. §1.131, any subject matter disclosed in the Van Wagner that is absent from the Smetters cannot be relied upon to reject the claims of the present application. Therefore, Applicant respectfully requests that the Examiner withdraw the rejection of claims 1-31, which are in condition for allowance.
